

From Research to Real World: Embedding a Parenting Programme in Montenegro

A short, free conference on the implementation of the Parenting for Lifelong Health programme for parents of Young Children (PLH-YC) in Montenegro.

The seminar will explore:

- The Group Based Parenting for Lifelong Health Programme for Young Children (PLH-YC). The contribution from Bangor
- Why and how we embedded the PLH-YC programme in Montenegro
- Adapting the PLH-YC programme for Roma families and the ISPF award
- A pilot evaluation of the adapted PLH-YC programme for Roma families

Speakers include *Professor Judy Hutchings (Bangor University)*, *Ms Ida Ferdinandi, (UNICEF Montenegro Country Office)*, *Dr Margiad Williams (Bangor University)*, *Professor Biljana Maslovaric and Dr Milica Jelic (University of Montenegro)*.

This is a collaboration between Bangor University School of Psychology and Sports Science, UNICEF Montenegro and The University of Montenegro funded by the International Science Partnership Fund.

Please note the conference is free but booking is required

Wednesday 19th February 2025, 9:00 – 12:30

Reichel Hall, Bangor University.
